

Annual Report

Da'Jonese Turner

Director of Foster Care

Child Link welcomes Da'Jonese Turner as our new director of Foster Care.

Da'Jonese Turner began her career with Child Link in 2019 as a case management supervisor. Prior to joining our team, Da'Jonese spent 10 years in Social Services, working with various non-profits in both a clinical and foster care role, both locally and in Georgia.

As a therapist, she has worked with youth and families through various programs, including Cook County's Juvenile Probation Department and the Children's Advocacy Office. In her foster care role, Da'Jonese has also worked in various programs, including Transitional Living Program/Independent Living Program, Traditional and Group Home.

Da'Jonese earned a Master's in Community Counseling at Argosy University, Chicago. She spends time volunteering with local mentoring programs, speaking with young girls and assists with implementing social-emotional wellness programs.

She has received awards for her commitment to community outreach throughout Chicago. Da'Jonese continues to help children and teens in need transition in successful young adults.

CORE VALUES

EDUCATION

Counseling for careers and higher education

Ensuring academic success with positive reinforcement

SAFETY

Providing emergency on-call support 24/7

Monitoring each child's progress and security

STABILIZATION

Maintaining family ties through sibling visits

Being attentive to permanency

FUN

Preserving childhood traditions

Participating in child and teen activities

ADOPTION

Finding a “forever home” for the children in our care is our primary objective. Child Link coordinates no-fee adoption services for prospective parents, through our foster-to-adopt program, following thorough background checks and home studies.

We consistently out-perform similar agencies throughout Cook County in providing permanency through adoption or guardianship. We ensure that our children are placed in the best possible family situations providing each child the opportunity to thrive.

Before we begin adoption proceedings, Child Link investigates each child’s status regarding family placement options to mitigate unplanned future disruptions.

FOSTER CARE

Child Link provides foster care to children in Cook, Will, and DuPage counties in Illinois. Our foster care program finds homes for children who lack stable support systems.

Over the last two years, our foster-care team grew from 18 to 28 case managers, who partnered with more than 200 licensed foster homes. We now are able to serve more children with the quality of care they need and deserve.

Becoming a Foster Parent

If you are interested in becoming a foster parent, our licensing department will work with you to complete the required free training and help you obtain a foster-care license. After training and licensing are complete, children can be placed in your home.

Adolescent Foster Care

We work with teenagers and young adults, ages 12-21, who are at risk due to negative environmental influences. They often suffer from traumatic experiences and lack positive adult influences or role models.

Young adults in this program receive services that promote stable relationships, protection from victimization, and help in developing healthier life habits and goals. Our program provides the support necessary for them to graduate high school, attend college, and build long-term positive relationships.

COUNSELING

Child Link's Counseling program supports youth in our community by giving them the tools to adopt useful behaviors and habits that they will carry with them for the rest of their lives. Our skilled clinicians work with a variety of clinical issues including anxiety disorders, attention deficit disorders, and attachment concerns.

The children we serve are often directly and indirectly impacted by violence in their environment, including domestic violence, separation from parent(s), gang violence and abuse. Our licensed therapists are well equipped to assist children impacted by divorce, bullying and other social hardships. Child Link also treats individuals experiencing interpersonal conflict at home, school, work or in the community. Child Link's work within the community, providing services that extend beyond clinical work, enable us to offer referrals to crisis intervention services for cases of extreme circumstances.

We provide tailored integrative clinical services that are as individualized as the people we treat. These treatments include: Trauma Informed Treatment, Psychodynamic Therapy, Dialectical Behavior Therapy, and Cognitive Behavioral Therapy.

We are currently accepting new Blue Cross Blue Shield clients. Contact us at counseling@childlnk.org to set up consultation.

Each course of treatment is based on collaborative treatment plans that are tailored to the needs of each patient in their family environment.

TRANSITIONAL LIVING

We assist young women, 17-21 years old, who are transitioning from foster care to independence. We equip them with the social, professional and self-sufficiency skills needed to succeed on their own. We help them understand the importance of continuing education to help them achieve their goals.

CULTURE COMPETENCE

Bilingual Services

Child Link is the only bilingual foster service provider in Chicago's Pilsen area offering services to many Spanish-speaking children and families. Our staff works hard to place Spanish speaking or bilingual children into foster homes that reflect their own communication needs.

Child Link is also a member of the Latino Consortium, where we partner with other child welfare agencies to organize resources and support for Latino families in Chicago and throughout Illinois. Allowing families to participate in bilingual programs is an essential component to ensuring those in our care are prepared for success.

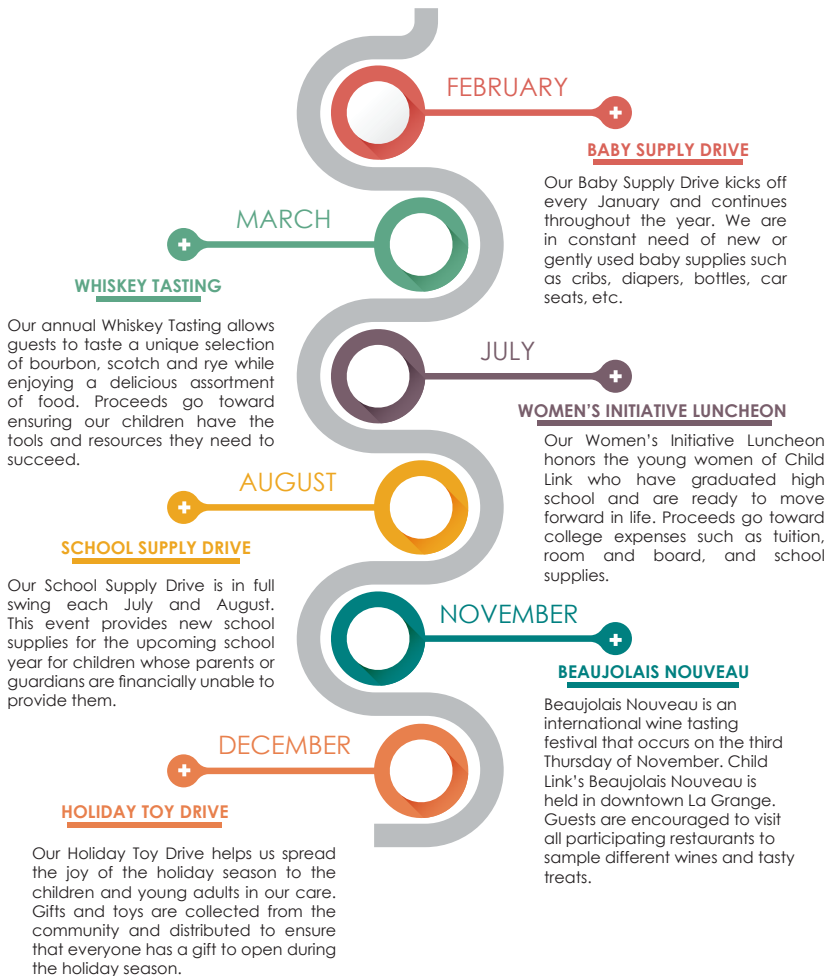

Workforce Diversity

Promoting an atmosphere of inclusion and diversity is an utmost priority for Child Link's continued success. Our workforce reflects the very diverse needs of our clients. Our staff provides unique perspectives, backgrounds, and experiences that enhance our vision and goals, and strengthens the quality of our services.

Inclusion Policy

Child Link does not discriminate against classes of prospective Foster or Adoptive parents. It is not Child Link's intention or desire to make an ethical judgement on LGBTQAI relationships. We recognize that a person's sexual preference is not legitimate grounds on which to deny his or her civil liberties or fitness to parent a child in need of a caring home. Such classes and categories include gender, color, creed, race, religion, age, ethnic or national origin, political beliefs, socioeconomic status, disability, gender identity, marital status or sexual orientation.

ANNUAL EVENTS

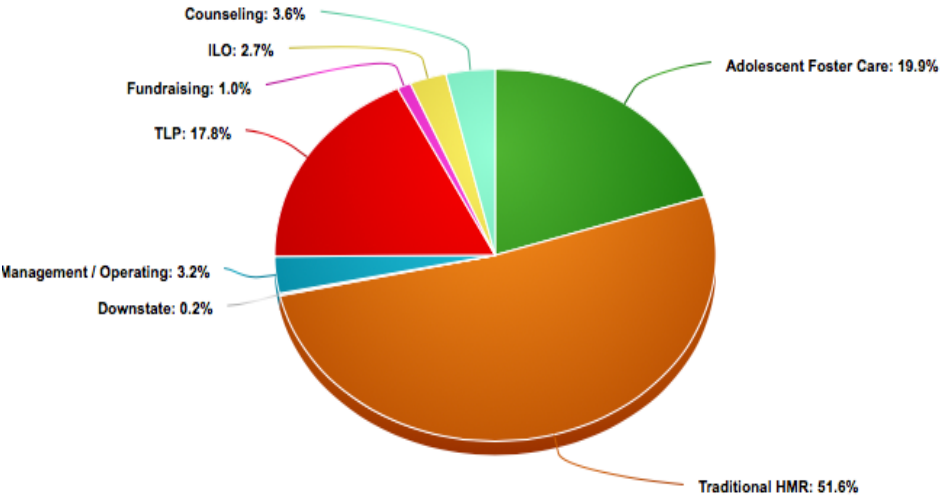

OUR FINANCE GOALS

- Continue to operate according to our best practice standards.
- Provide the management team with program expenses and operational budgets.
- Maintain quarterly financial audits by the board of directors and weekly reviews by Child Link management.
- Work to ensure that all financial audits are clear.

REVENUE BY YEAR

OPERATING EXPENSES

OUR PROGRESS

In 2020, Child Link raised \$7.2 million and of that, \$6.7 million went to our programs and services that helped improve the lives of 470+ children and young adults under our care, from birth to 21 years old. Thanks to generous donations and in-kind contributions from donors, we continue to help children and young adults who need support.
